

## TUITION 2023-2024

Your first tuition payment is due by the first class in September. The remaining five payments are due on the first of October, November, January, February, and March. After the March payment your tuition will be completely paid for the year. Students will also need proper attire such as leotards, tights and dance shoes. Dress code requirements for each class will be posted on our bulletin board and on the website. All required dance attire and shoes are available for our TDS families at discounted prices in our pro-shop. Our shop will be open during several days at the end of August and beginning of September by appointment only. You can also choose to order all items online through our website and they will be ready for your dancer at their first class.

To encourage our students to take a variety of dance classes to become well-rounded dancers and for families with many dancers, we offer the discounts described in the chart below and the "Maximum Payment Program."

### Calculating Tuition:

Your first class would be the first line on the chart. The second class would be the second line, and so forth. For instance, if your dancer takes two classes, your payment would be  $90 + 85 = \$175$ . This is also true if you had two dancers taking one class each. As stated above, there are 6 tuition payments total, which are payable the first class in each month (Sept, Oct, Nov, Jan, Feb, and March). There is a one time, non-refundable, \$25 registration fee per student per year. Students may make-up missed classes.
